We are committed to providing environments where our students are safe and feel safe, where their participation is valued, their views respected, and their voices are heard about decisions that affect their lives. Our child safe policies, strategies and practices are inclusive of the needs of all students.

We have no tolerance for child abuse and take proactive steps to identify and manage any risks of harm to students in our school environments.

We promote positive relationships between students and adults and between students and their peers. These relationships are based on trust and respect.

We take proactive steps to identify and manage any risk of harm to students in our school environment. When child safety concerns are raised or identified, we treat these seriously and respond promptly and thoroughly.

Particular attention is given to the child safety needs of Aboriginal students, those from culturally and linguistically diverse backgrounds, international students, students with disabilities, those unable to live at home, children and young people who identify as lesbian, gay, bisexual, trans and gender diverse, intersex and queer (LGBTIQ+) and other students experiencing risk or vulnerability. The Child Safety Officer (Assistant Principal) and Wellbeing team monitors the Child Safety Risk Register.

### **Child Safety Code of Conduct**

The school's Child Safety Code of Conduct sets the boundaries and expectations for appropriate behaviours between adults and students. It also clarifies behaviours that are not acceptable in our physical and online environments. The code of conduct will be signed by all staff annually.

We ensure that students also know what is acceptable and what is not acceptable so that they can be clear and confident about what to expect from adults in the school. Children and their families will be encouraged to raise any concerns about the behaviour of any person, and can expect to be listened to and supported.

The Child Safety Responding and Reporting Policy and Procedures includes processes to report inappropriate behaviour. Employees and volunteers must be aware of reporting procedures and how to communicate concerns regarding the improper behaviour of any person within the organisation. Members of the school must be aware of their duty to raise concerns about the behaviour of any person who may present a risk of child abuse, without fear of repercussions. Refer to the Frankston Heights Primary School Child Safety Responding and Reporting Policy and Procedures.

### **Managing risks to child safety and wellbeing**

At our school we identify, assess and manage risks to child safety and wellbeing in our physical and online school environments. These risks are managed through our child safety policies, procedures and practices, and in our activity specific risk registers, such as those we develop for camps, excursions and incursions.

Our Child Safety Risk Register is used to record any identified risks related to child abuse alongside actions in place to manage those risks. Our Assistant Principal and Wellbeing team will monitor and evaluate the effectiveness of the actions in the Child Safety Risk Register at least annually.

### **Establishing a culturally safe environment**

At Frankston Heights Primary School, we are committed to establishing an inclusive and culturally safe school where the strengths of Aboriginal culture, values and practices are respected.

We think about how every student can have a positive experience in a safe environment. For Aboriginal students, we recognise the link between Aboriginal culture, identity and safety and

actively create opportunities for Aboriginal students and the Aboriginal community to have a voice and presence in our school planning, policies, and activities.

The following strategies have been put in place to promote cultural safety in our school community:

- Begin events and meetings with a Welcome to Country or an Acknowledgement of Country as a standing agenda item.
- Fly the Aboriginal and Torres Strait Islander flags on school grounds.
- Lead on safety and inclusion for all Aboriginal students and their families. Speak with respect and confidence about Aboriginal culture, knowledge systems and people.

## **Student empowerment**

To support child safety at Frankston Heights Primary School, we work to create an inclusive and supportive environment that encourages students and families to contribute to our child safety approach and understand their rights and their responsibilities.

Respectful relationships between students are reinforced and we encourage strong friendships and peer support in our school.

We inform students of their rights through our school wide approach to Respectful Relationships and implementation of our school values. This includes their right to:

- live and grow up healthy
- have a say about decisions affecting them
- get information that is important to them
- be safe and not harmed by anyone.

Students are provided with the skills and confidence to recognise unsafe situations with adults or other students and to speak up and act on concerns relating to themselves or their peers. We ensure our students know who to talk to if they are worried or feeling unsafe and we encourage them to share concerns with a trusted adult at any time. Students and families can also access information on how to report concerns on our school website. Please refer to our Complaints, Student Engagement and Wellbeing Policies.

When the school is gathering information in relation to a complaint about alleged misconduct or abuse of a child, we will listen to the complainant's account and take them seriously, check our understanding of the complaint, support the student and keep them (and their parents and carers, as appropriate) informed about progress.

Student voice and agency is promoted across the school. Student views are taken into account

and support school decision making. The Student Voice team provides feedback and actions decisions. The school suggestion box provides another avenue for students to canvas their voice.
